PROJECT SUPPORT

# INSTALLATION OF JIB CRANE

## INSTALLATION AND COMMISSIONING OF A VACUUM LIFTER UP TO 200 KG

### THE CHALLENGE

The installation of the first build, knuckle boom jib crane supplied by crane builders, LiftSmart and Hijsenzo, for STARKON. The challenge was to install the jib crane in a narrow space and in a short time frame.

### THE SOLUTION

STARKON have a team which installs jib cranes, and performs installations and commissioning of the vacuum lift jib crane daily while complying with Belgium regulations.

### THE RESULT

A working LiftSmart knuckle boom Jib crane.
