# PORTAL CRANE

## PORTAL CRANE INSTALLATION AND COMMISSIONING

### THE CHALLENGE

Installing the Portal Crane, and performing a Load Test for TUV Netherlands.

### THE SOLUTION

STARKON installed the new supplied Portal Crane and load tested it on the location of TUV Netherlands for our client Hijsenzenzo.

### THE RESULT

After transport, installation and load testing the Crane, the client has a fully operational new Portal Crane within a delivery time of two weeks including installation.
