## STARKON QUALITY STANDARDS

### Certifications

We provide an annual inspection of our rental fleet at least every three months and after each job. It includes inspection of wall thickness, and inspection for deformation, weld failure or other deviations. The scope of the inspection will depend on the type of product.

### Inspections

All our products are provided with CE certification according to European Standards. If required, we can meet standards other than NEN standards, such as ISO or DNV approved standards.
