

# RAIL CLIPS YB33 & YB55

STARKON's YB33 & YB55 rail clips are designed for long life, and only high-quality standard raw material is used during production. We have modified the OEM rail clips on several points. But in such a way that the STARKON clips will fit on the base of the original OEM ZPMC YB rail clips. We can also supply OEM YB clips.

#### Specifications

- Upon request

#### Certifications

- Material certificates

#### Calculations

- All STARKON supplied clips are designed for long life.

## STARKON QUALITY STANDARDS

#### Certifications

We provide an annual inspection of our rental fleet at least every three months and after each job. It includes inspection of wall thickness, and inspection for deformation, weld failure or other deviations. The scope of the inspection will depend on the type of product.

#### Inspections

All our products are provided with CE certification according to European Standards. If required, we can meet standards other than NEN standards, such as ISO or DNV approved standards.
